

The background of the entire image is a detailed wood grain pattern, likely from a tree trunk, showing various shades of brown and tan with prominent knots and swirling patterns. In the top-left and bottom-right corners, there are decorative elements made of layered, translucent blue watercolor paper, creating a soft, organic, and artistic look.

ONLINE JERSEY SALE

Gayley Wood Farms Ltd

TUESDAY 7TH APRIL, 7 PM

BUYING ONLINE?

- This sale will be held as a HYBRID ON-FARM auction on bidr (bidr.co.nz).
- There will be online bidding and a livestream of the sale for bidders.
- All online purchasers must register with bidr through an account with a bidr partner agency before sale day.
- For help with signing up or registering, contact the bidr team on 0800 TO BIDR (0800 86 2437) or email enquiries@bidr.co.nz

Alternatively, contact your local bidr[®] representative:

CONDITIONS OF SALE

In accordance with the NZ Stock & Station Association Auction Terms and Conditions, the following general conditions apply to this auction where applicable

FEMALE GUARANTEES

1. Every female shown as bred on a certain date, except any which may have been served within six weeks of sale, is guaranteed in-calf. This guarantee expires 28 days from the sale date.
2. Where a sale catalogue specifies a calving date and the resultant calf is not acceptable for registration by the MINDA service of the Livestock Improvement Corporation (LIC) or by the relevant Breed Society because the calf is born eleven days or more either side of the specified calving date and the paternity is not able to be verified the seller shall refund 25% of the purchase price plus GST direct to the buyer. This clause 2 does not apply if the sale catalogue states that a bull was pastured after AB ceased.
3. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the seller subject to liability under the other clauses contained in the Conditions of Sale. The buyer has the right to retest at their own expense before delivery is made from the place of sale.
4. Where a female is offered for sale as being in-calf, without a supporting veterinary certificate and the female is subsequently proved to be empty, the buyer has the right to return the female or carry out such disposal as the seller may instruct and the seller will refund direct to the buyer the purchase price plus the return transport costs.
5. Cows sold as not in-calf at the time of sale, shall be sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the cow fail to produce a calf by the 31 December 2027, the seller shall refund in full the purchase price direct to the buyer.
6. Yearling heifers sold as unmated are sold with the guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the heifer fail to produce a calf by the 31 December 2027, the seller shall refund in full the purchase price direct to the buyer.
7. In the case of a calf or yearling heifer being flushed for embryo transfer, either with or without success, all guarantees become null and void.
8. Where any female sold as being in-calf proves to be carrying a mummified calf, no liability will fall on the seller.
9. Any animal which is sold as in-calf but subsequently aborts the foetus after delivery is the responsibility of the buyer and no liability will fall on the seller.
10. Any claim to the auctioneers must be accompanied by a veterinary certificate.

GENERAL CONDITIONS

Delivery: At the fall of the hammer, livestock remain the vendors responsibility until delivery is taken.

Insurance: If transit or annual insurance is required the purchaser is responsible to arrange.

Instructions: Buyers must sign all dockets before leaving and have transport arranged.

Transfers: Sellers are responsible for the completion of transfers. No buyer shall be entitled to withhold payments for the delay of transfer information.

Cattle for Export: Breed Society must inspect as suitable for Export Certificates. The seller is responsible for the 15% commission payable on all cattle sold for export.

Payment terms: Payment due 14 days after auction date.

Gayley Wood Farms Ltd

VENDOR FOREWORD

The Wallace family operated the prize winning and high producing GRAHMAR Jersey herd in the UK. Showing was part of what we did, and many shows were won, including Interbreed Champion at UK Royal Show. In 2010 the decision was made to move to NZ, to join James who was working at Tarnhowe, and the herd was sold. It was always the intention to re-establish Grahmar again in NZ and once settled here (and with help from Trent Paterson grazing them) a few purchases were made from Carrondale, Williams and Carnmor. Over the next few years with input from James more stock were purchased from Roscliff and Crescent. In 2022 a bigger sharemilking contract was taken with Graham, Marian and James forming Gayley Wood Farms Ltd. This brought the Grahmar herd and James' Maxwelton herd together to be the base of Gayleywood herd. James contract miked the Crescent herd for 5 years and acquired several Crescent bred females in that time. Stock was also purchased from Roma, Glenalla and Kuku/Allandale. A small herd of unregistered well-bred Jerseys was also purchased, with these subsequently registered with Jersey NZ. More recently some Thornlea stock were purchased.

Breeding in the herd is carried out on a cow-to-cow basis to consider faults and try to breed to improve and correct in terms of conformation. All bulls must have good production figures. The aims are to have cows with good legs and feet, with a well attached udders, and dairy strength to produce well and have longevity. Polled bulls are used as part of the breeding program. We do use our homebred bulls on heifers and run them with the herd to finish mating, and we have confidence in their breeding to rear heifer calves resulting. Some of our top cows are from natural matings. Semen purchases are made on the previously mentioned policy and from several companies. BW is not a focus although is considered with some cows and there are some contract matings done. Classification is done on the 2Yo and 4Yo, plus a few older cows. A high number are classified Ex and VG, and a particular comment was made, by the classifier, about the good quality of legs and feet in our animals.

A big influence on the herd are the Tarnhowe families, particularly the Gypsey family with a large number milking and well classified. Maxwelton Nova Gypsey has 2 Ex and 5 VG daughters milking. A granddaughter of this cow is put forward in the sale. The Izzy/Calizy family originates from an early purchase from Dunwald, with these being very good producers and we have put a member in the sale. This heifer is out of a top cow and dam of a herd bull we used and there is a stylish VG 2yo sister milking. Another family represented in the sale is the Lauras who go back to Williams Fjord Laura, Dam of LIC sire Williams Pan Link. This heifer too is out of a cow from whom we bred a herd bull.

A special mention here to the Legacy family. It was a Legacy cow who was Interbreed Champion at UK Royal Show. The NZ family originate from embryos imported from our UK herd. The donor was an EX95 Rock Ella Remake, who was a top producer and show cow. A great granddaughter of this cow is offered in the sale. The EX95 Legacy is a granddaughter of a heifer purchased on Jersey Island from La Qualite herd.

We have been keeping extra heifer calves with a view to herd expansion or another sharemilking contract, which we are still doing, but at this point we have a stock surplus so are offering a selection for sale at auction, including some who are Polled.

We wish everyone the best with cattle purchased.

Gayley Wood Farms Ltd

AGENT FOREWORD

This inaugural Gayley Woods Farms sale is the perfect opportunity for any Jersey enthusiast around the country or anyone who is looking to top up number with top quality genetics. It accommodates for all with a combination of some of the best international sires available including Lencrest Caspian and Lone Pine Thor along with some outstanding domestic sires leading to animals with BW's up to 311.

These animals will shift well, the farm is a tough farm on the Hauraki Plains which is extremely vulnerable to both drought and a wet winter. The Wallace family have consistently bred for production, conformation, fertility and index's. Along with this a good temperament is an absolute must in the Gayley Woods Herd.

So make the most of your opportunity to secure some high quality Jerseys that will be sure to shift well for their next owners.

We wish you all the best with your purchases.
Luke Gilbert, Carrfields Livestock Ltd.

Luke spotted this one, twisted our arm to sell her. Really showy heifer and hard to sell. Used a maternal brother "IVAN" as a herd sire.
