CONDITIONS OF SALE

In accordance with the NZ Stock & Station Association Auction Terms and Conditions, the following general conditions apply to this auction where applicable

FEMALE GUARANTEES

1. Every female shown as bred on a certain date, except any which may have been served within six weeks of sale, is guaranteed in-calf. This guarantee expires 28 days from the sale date.
2. Where a sale catalogue specifies a calving date and the resultant calf is not acceptable for registration by the MINDA service of the Livestock Improvement Corporation (LIC) or by the relevant Breed Society because the calf is born eleven days or more either side of the specified calving date and the paternity is not able to be verified the seller shall refund 25% of the purchase price plus GST direct to the buyer. This clause 2 does not apply if the sale catalogue states that a bull was pastured after AB ceased.
3. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the seller subject to liability under the other clauses contained in the Conditions of Sale. The buyer has the right to retest at their own expense before delivery is made from the place of sale.
4. Where a female is offered for sale as being in-calf, without a supporting veterinary certificate and the female is subsequently proved to be empty, the buyer has the right to return the female or carry out such disposal as the seller may instruct and the seller will refund direct to the buyer the purchase price plus the return transport costs.
5. Cows sold as not in-calf at the time of sale, shall be sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the cow fail to produce a calf by the 31 December 2027, the seller shall refund in full the purchase price direct to the buyer.
6. Yearling heifers sold as unmated are sold with the guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the heifer fail to produce a calf by the 31 December 2027, the seller shall refund in full the purchase price direct to the buyer.
7. In the case of a calf or yearling heifer being flushed for embryo transfer, either with or without success, all guarantees become null and void.
8. Where any female sold as being in-calf proves to be carrying a mummified calf, no liability will fall on the seller.
9. Any animal which is sold as in-calf but subsequently aborts the foetus after delivery is the responsibility of the buyer and no liability will fall on the seller.
10. Any claim to the auctioneers must be accompanied by a veterinary certificate.

AGENT FOREWORD

Vat fullers is a relatively new stud that is making head waves across the pedigree cow industry across all breeds. The Ayrshire group is no exception to that as you will find throughout this catalogue. They have purchased high quality animals from some high profile Ayrshire studs in the country including Kiteroa, Pa Hill, Brookview, Premier and Kauri which has led to a very good small herd of Ayrshires.

Keep an eye out for Kiteroa Cream Partner, her 2nd Dams full sister Kiteroa Cream Bubbette was crowned Grand Champion Ayrshire and Supreme Champion All Breeds at this years New Zealand Dairy event. This is an outstanding opportunity to get into one of the hottest Ayrshire families in the country currently.

In addition to the exciting Ayrshires we have three very good Jerseys to sell at the end of the catalogue including one in calf to Sexed Victorious. The inclusion of four lots from their very good friends Ken and Leslie Lichtwark brings another exciting opportunity with the British Ayrshire influence in their blood.

If you're after high quality Ayrshires or maybe some exciting Jersey Genetics make sure to tune in on Wednesday 1st April at 7pm.

*We wish you all the best with your purchases.
