463 Morrison Road, RD1, Tuakau 2696

CONDITIONS OF SALE

In accordance with the NZ Stock & Station Association Auction Terms and Conditions, the following general conditions apply to this auction where applicable

FEMALE GUARANTEES

1. Every female shown as bred on a certain date, except any which may have been served within six weeks of sale, is guaranteed in-calf. This guarantee expires 28 days from the sale date.
2. Where a sale catalogue specifies a calving date and the resultant calf is not acceptable for registration by the MINDA service of the Livestock Improvement Corporation (LIC) or by the relevant Breed Society because the calf is born eleven days or more either side of the specified calving date and the paternity is not able to be verified the seller shall refund 25% of the purchase price plus GST direct to the buyer. This clause 2 does not apply if the sale catalogue states that a bull was pastured after AB ceased.
3. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the seller subject to liability under the other clauses contained in the Conditions of Sale. The buyer has the right to retest at their own expense before delivery is made from the place of sale.
4. Where a female is offered for sale as being in-calf, without a supporting veterinary certificate and the female is subsequently proved to be empty, the buyer has the right to return the female or carry out such disposal as the seller may instruct and the seller will refund direct to the buyer the purchase price plus the return transport costs.
5. Cows sold as not in-calf at the time of sale, shall be sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the cow fail to produce a calf by the 31 December 2027, the seller shall refund in full the purchase price direct to the buyer.
6. Yearling heifers sold as unmated are sold with the guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the heifer fail to produce a calf by the 31 December 2027, the seller shall refund in full the purchase price direct to the buyer.
7. In the case of a calf or yearling heifer being flushed for embryo transfer, either with or without success, all guarantees become null and void.
8. Where any female sold as being in-calf proves to be carrying a mummified calf, no liability will fall on the seller.
9. Any animal which is sold as in-calf but subsequently aborts the foetus after delivery is the responsibility of the buyer and no liability will fall on the seller.
10. Any claim to the auctioneers must be accompanied by a veterinary certificate.

GENERAL CONDITIONS

Delivery: At the fall of the hammer, livestock remain the vendors responsibility until delivery is taken.

Insurance: If transit or annual insurance is required the purchaser is responsible to arrange.

Instructions: Buyers must sign all dockets before leaving and have transport arranged.

Transfers: Sellers are responsible for the completion of transfers. No buyer shall be entitled to withhold payments for the delay of transfer information.

Cattle for Export: Breed Society must inspect as suitable for Export Certificates. The seller is responsible for the 15% commission payable on all cattle sold for export.

Payment terms: Deferred payment with 50% due in 14 days, 50% due on the 20th October.

BUYING ONLINE?

- This sale will be held as a HYBRID ON-FARM auction on bidr (bidr.co.nz).
- There will be online bidding and a livestream of the sale for bidders.
- All online purchasers must register with bidr through an account with a bidr partner agency before sale day.
- For help with signing up or registering, contact the bidr team on 0800 TO BIDR (0800 86 2437) or email enquiries@bidr.co.nz

Alternatively, contact your local bidr® representative:

The Legacy of Lindale

HARVEST GLEN & LINDALE JERSEYS DISPERSAL SALE

FROM THE BEGINNING

Linda and Mike Wood, dedicated owners of Lindale Jerseys, are recognised names across New Zealand's pedigree circuit. Established in 1996 following the purchase of two Jersey calves from Brain and Val Potts, Fairholme Jerseys in Taranaki, Lindale has since developed into one of the country's most successful Purebred Jersey herds.

From humble beginnings and a passion sparked through calf club, the Jersey cow quickly became an important part of Linda's life. She enjoyed, as she puts it, "Having friends that don't talk back," and of course, having a reason to get up each morning.

Among the many families that have shaped the Lindale herd, one stands above the rest, the 'G' family. Linda's parents, trading under Harvest Glen Jerseys (founded in 1974), gifted her Harvest Glen BM Gidget after she purchased the two Jersey calves from Fairholme Jerseys to support her breeding ambitions. Gidget was the dam of Lindale Follys Genie and the grandam of Lindale Lord Garnet, two of Linda's all-time favourite cows. This influential line traces back to a foundation cow, Hillock View Sultans Gift. Gift was purchased by Linda's parents for $2,000 at the Hillock View Dispersal in 1978. Linda recalls being horrified at the time – money was tight and spending $2,000 felt extravagant when they were barely counting $20s. Fortunately, this investment proved invaluable, ultimately forming what Linda proudly calls her favourite family.

When asked why she chose the Jersey breed, Linda chuckled, "because I can drag them up the gullies myself." She continued, "When it's what you've grown up with, it's all you will ever know."

Beyond practicality, she admires the Jersey cow's stature, temperament, and strong, functional type — traits that continue to prove themselves in her herd's performance. Last season, her cows averaged 416 kg/MS with a 9% empty rate, despite operating on a difficult farm. Each year, 50-75 acres of the roughly 200 effective acres on Linda and Mike's farm is affected by flooding. Adding to these challenges, most of their remaining productive land is hill country dominated with Sporobolus Pyramidalis (Rat's Tail) grass.

When asked how many championship titles she has collected over the years, Linda laughs. "I couldn't tell you. There are about three boxes of purple ribbons," she says.

While the total tally remains uncertain, there are several standout achievements that hold special meaning and distinctive memories.

One of her proudest moments was winning All Breeds Junior Champion with Lindale Lites Malarky at the Easter Show in 2016. Ironically, she did not win the Jersey Breed Junior Champion that same day. As an in-calf heifer, Malarky achieved two Supreme Champion titles.

The Legacy of Lindale

HARVEST GLEN & LINDALE JERSEYS DISPERSAL SALE

Another highlight came in 2021, when Linda claimed Intermediate Champion at the New Zealand Dairy Event with Wyeholme Gun Steffi (owned in partnership with Nicole Maher).

Despite a long run of success, the 'show bug' has never worn off for Linda. In a 'typical' season she attends 17, travelling the length of the North Island in her trusted green truck with her prized Jersey cows.

SHE SELLS

Harvest Glen Gun Delaraine is a cow that has truly cemented Linda's breeding efforts. In one season, Delaraine attended 10 A&P Shows across the North Island, winning Champion Jersey Cow at nine out of 10 shows. At seven of nine, Delaraine went on to claim All Breeds Champion Cow. Delaraine also claimed the title of Grand Champion Jersey at Stratford A&P Show in 2024.

It is a bittersweet and dividing moment for Linda. Nonetheless, she hopes the successful purchasers will continue her legacy through future offspring, new genetics, and continued show ring success.

Linda's love for her cows is second to none. She explained that she felt where the cows went was significantly more important than the money achieved at auction. "If I could hand-select homes for every one of them, I would," she said empathetically.

NEVER KEPT IN THE DARK

Linda has always been known as a spunky, yet kind and encouraging, exhibitor and breeder. During years of uncertainty induced by M-Bovis, Linda, prompted by Nicole, took the initiative to host a youth showmanship day at her farm. She offered her own calves and heifers for Waikato Youth to present to judge Vince Steiner. "Since there was nothing happening, I thought, why not have our own here?" Linda recalls. The day proved memorable, and many of the youth who attended still look back on the event as a pre-Christmas highlight during an otherwise uncertain time.

Frustratingly, Covid-19 followed soon after M-Bovis, bringing further years of restricted showing. Many feared that consecutive seasons without dairy cattle would see smaller local shows fade away. Thankfully, those doubts were put to rest due to Linda's consistent and dedicated attendance. Shows gradually regained strength and, come 2025, remain well supported across the North Island.

'SPRAY AND WALK AWAY', OR SOMETHING LIKE THAT

Linda is ironically known for dropping her lead mid-ring to capture a photo of her precious Jerseys. Every show, every class, without fail, she stands her girls up, drops the lead, and wanders around the ring to get the perfect shot.

The Legacy of Lindale

HARVEST GLEN & LINDALE JERSEYS DISPERSAL SALE

Linda's father began the tradition of taking photos at shows, but when her mum became unwell, Linda picked up the camera and proudly carried the legacy on.

WHY FIT IN WHEN YOU ARE BORN TO STAND OUT

The Purebred Jersey Breed Society, founded in 1988, was the original organisation for Jersey breeders in New Zealand. When Jersey NZ was later established, many breeders shifted to the new society and reached into overseas genetics. Linda explains, "This shift framed Purebred as the 'break away' group, but in reality, it was the opposite."

Linda never followed the crowd and stood her ground with a decision that came with its challenges. Jersey cows registered under the Purebred Society were not recognised by Jersey New Zealand, meaning the societies classifications and registrations were excluded. As a result, no classifications were recorded or displayed on 3GPs, along with a range of other administrative frustrations.

Linda's father began the tradition of taking photos at shows, but when her mum became unwell, Linda picked up the camera and proudly carried the legacy on.

THE END OF THE ROAD

April 16th, 2026, or "Dooms Day," as Linda calls it, will mark the final chapter of the Lindale and Harvest Glen prefixes. When asked why it's the end, Linda was clear. "Because I'm broken," she laughs. "I struggle to hold the cups and put the ropes on calves' feet during calving."

With a body that can no longer keep pace with the heart of a young gun, Linda has made the heavy-hearted decision to disperse her herd. "Sale day won't be the hardest part," she admits. "It'll be loading them onto the trucks to leave the farm one last time."

Undoubtedly, the local show community will feel the absence of a key exhibitor. However, is in high hopes that the journeys to new pastures will ensure many Lindale cows will continue to grace showrings around the country for many years to come.

And with that, Linda leaves a final piece of advice to the dairy community that has supported and shown alongside her, "Be kind and help everyone."

The Legacy of Lindale

HARVEST GLEN & LINDALE JERSEYS DISPERSAL SALE

VENDOR FORWARD

The Harvest Glen stud was established in 1974 when us kids became too old for Calf Club. Mum caught the showing bug right alongside us, and our family began acquiring pedigree animals, primarily sourced from local breeders' annual sales. Across the years, Harvest Glen cattle were shown throughout the country, winning many Junior Female Championships and, in later years, numerous In-Milk Championships.

As time went on, we looked further afield, purchasing Jerseys' predominantly from Golden Oak and Linmore studs. Golden Oak Choice Maria was a standout cow from these purchases, achieving an average production of 700kg/MS. She unfortunately never gave us a heifer calf, ending her family line.

In 1996 the Lindale stud began from small but mighty beginnings after two heifer calves were purchased from Brian and Val Potts at the Fairholme Stud dispersal sale. One of these calves, Fairholme Omens Matilda, went on to win Reverse Champion at the Franklin A&P Show and bred numerous heifers, establishing a strong family line that continues to succeed in the Lindale herd today. Our most recent standout direct descendant of Matilda is Lindale Gun Milani, a four-year-old cow with a strong show winning history.

We began our farming adventures after purchasing five acres at Koheroa, milking four cows through a two-bail walk-through cowshed. This gradually expanded to 15 cows, utilising three additional acres next door, before upgrading to a five-bail single-side herringbone shed. The next major step was purchasing 60 acres and rebuilding a second-hand 12-a-side herringbone shed at our present dairy farm in Pukekawa in 2006. Following this advancement, we took over the remaining of the Harvest Glen herd and 'borrowed' surplus cows from friends, accumulating to 50 cows.

In 2012, we purchased the neighbouring 200 acres and increased to 150 cows. With no races, electric tape fencing, and dry stock pasture, it was a demanding and tiring time.

My favourite family began with an in-calf heifer my parents gifted us. This was Harvest Glen BM Gidget, who descended from the "break the bank" purchase of Hillockview Sultans Gift. This family took off after Lindale Follys Genie, sired by Hasty River Graces Folly, produced five daughters. These daughters were:

1. Lindale Lord Garnet, a show champion producing over 600kg/MS,
2. Lindale Coms Glee produced a daughter, Lindale Sultans Genaya, who was a show champion with production exceeding 700kg/MS,
3. Lindale Boss Gold, a strong production and figures cow,
4. Lindale Lordship Genna, achieving 500kg/MS at two years old,
5. Lindale Boss Gwen who unfortunately damaged her spine while bulling at two years old.

The Legacy of Lindale

HARVEST GLEN & LINDALE JERSEYS DISPERSAL SALE

VENDOR FORWARD CONTINUED

Another family close to my heart is Lindale Lites Malarky, who won All Breeds Junior Female Champion at the Royal Easter Show in Auckland. Her daughters have gone on to be reliable show and production cows.

As we end the chapter of Harvest Glen and Lindale as we know it, we hope that some of these cows will continue on and carve out new family lines for fellow breeders.

We have met many incredible people, formed lifelong friendships, and enjoyed many wonderful years showing our beautiful girls. Over the years, countless people have helped along the way — a huge thank you to Mike for the many milkings on the days away at shows! A very special thanks to Nicole Maher; we shared wonderful times, great success, and heartbreak alike. You have been like the daughter I never had — thank you.

Finally, to our present-day helpers, the duo of John Schnuriger and Garry Colquhoun. Thank you for your expert knowledge, quality control, and many laughs. We have shared many enjoyable shows and well-deserved results; we are truly beyond grateful.

And to everyone who has read this far, intends to bid, and successfully buys, we wish you all the best with our idolised Jersey cows and hope to see more of them in the show ring for many years to come!

With heavy hearts, Linda and Mike Wood.

The Legacy of Lindale

HARVEST GLEN & LINDALE JERSEYS DISPERSAL SALE

AGENT FOREWORD

Before writing the foreword we would like to personally thank Linda in particular but also Mike in the background for everything they have done for showing and the jersey breed over many years. You will be sorely missed amongst the industry.

April 16th will be a difficult day of mixed emotions for everyone who has supported Linda and Mike's breeding journey. We all know that Linda loves her cows, loves milking her cows, loves showing her cows, and if her body allowed it, would continued for eternity with her cows. Her love for cows shows in the tremendous temperament of every cow in the herd. There are numerous photos of Lindale cows at shows with the lead rope laid over the cows neck and not a person in sight.

Linda's commitment to shows is second to none. She has shown at up to 17 shows in a single season which is an extremely impressive feat. The not so trusty green truck would've clocked up a lot of kilometers over the years with a team of tremendous jerseys on board every time.

Some highlights for Linda in the show ring include winning Junior Champion All breeds at Auckland Easter show in 2016, winning Intermediate Champion Jersey at New Zealand Dairy Event in 2021, winning the All Breeds 2 year old class at Stratford show in 2019 and her numerous Championships won with the one and only Harvest Glen Gun Delaraine. Delaraine who sells as lot 8 attended 10 shows across the 2024/2025 season. Of these 10 shows she picked up Grand Champion Jersey 9 times and Supreme Champion All Breeds 7 times. Quite some achievement for a cow in one season.

Aside from showing cows the Lindale and Harvest Glen herd is a group of very hard working cows. The cows produce 420 milk solids per cow a year on a farm where one half of the farm gets covered in water for 6 months and the other half is steep hill country. They will shift extremely well to any farm in the country.

I think it is awesome to have every animal in the sale photographed and featuring in the catalogue. I'm sure you will all appreciate the quality of every cow and heifer pictured but I urge you to make the effort to come along on sale day as they are even better in the flesh. In addition to this I think it is an excellent opportunity to celebrate what Mike and Linda have achieved in this industry.

We look forward to seeing you there and wish you all the best with your purchases.

Luke Gilbert, Carrfields Livestock Ltd.

A one-of-a-kind-cow. Hard to know where to begin with this cow. Shes a show champion, production topper, great temperment and all round beautiful girl. Very sad letting her go, I hope she goes to the best home.

The Legacy of Lindale

HARVEST GLEN & LINDALE JERSEYS DISPERSAL SALE

Harvest Glen Gun Delaraine

SHE SELLS

Harvest Glen Gun Delaraine is a cow that has truly cemented Linda's breeding efforts. In one season, Delaraine attended 10 A&P Shows across the North Island, winning Champion Jersey Cow at nine out of 10 shows. At seven of nine, Delaraine went on to claim All Breeds Champion Cow. Delaraine also claimed the title of Grand Champion Jersey at Stratford A&P Show in 2024.

It is a bittersweet and dividing moment for Linda. Nonetheless, she hopes the successful purchasers will continue her legacy through future offspring, new genetics, and continued show ring success.

Look into the Future, Reminisce on the Past, Honor when you Stand

The one and only Gun Milani! In the show team, consistently achieving championship titles. A lovely cow to work with, I hope she finds a fabulous home.
