Welcome to Waiokura

Welcome to Waiokura Holstein Friesians Annual Sale, and thank you for taking the time to be part of what has become a highlight on our calendar.

This sale is an opportunity for us to open the gate and offer a genuine reflection of what Waiokura represents. The cattle on offer are the result of deliberate breeding decisions and steady refinement, with a long-term focus on cows that are fertile, durable, efficient, and capable of delivering strong components in a commercial pasture-based system.

Over the years we've continued to refine our breeding direction, placing emphasis on balanced cows with sound udders, good feet and legs, moderate size, and the ability to perform year after year. The consistency across our cow families gives us confidence in what we're offering, and we take pride in standing behind our cattle long after sale day.

We are incredibly grateful for the support we've received from repeat buyers and new faces alike. Your confidence in Waiokura genetics is something we don't take lightly, and it continues to drive us to lift the bar each year.

We invite you to inspect the animals, study the pedigrees, ask questions and enjoy the day. Whether you are looking to add depth to a herd, invest in strong cow families, or simply share in the Waiokura journey, we sincerely hope you find something that fits your breeding goals.

Thank you for your interest and continued support of Welcome to Waiokura. We look forward to seeing you on sale day.

CONDITIONS OF SALE

In accordance with the NZ Stock & Station Association Auction Terms and Conditions, the following general conditions apply to this auction where applicable.

FEMALE GUARANTEES

1. Every female shown as bred on a certain date, except any which may have been served within six weeks of sale, is guaranteed in-calf. This guarantee expires 28 days from the sale date.
2. Where a sale catalogue specifies a calving date and the resultant calf is not acceptable for registration by the MINDA service of the Livestock Improvement Corporation (LIC) or by the relevant Breed Society because the calf is born eleven days or more either side of the specified calving date and the paternity is not able to be verified the seller shall refund 25% of the purchase price plus GST direct to the buyer. This clause 2 does not apply if the sale catalogue states that a bull was pastured after AB ceased.
3. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the seller subject to liability under the other clauses contained in the Conditions of Sale. The buyer has the right to retest at their own expense before delivery is made from the place of sale.
4. Where a female is offered for sale as being in-calf, without a supporting veterinary certificate and the female is subsequently proved to be empty, the buyer has the right to return the female or carry out such disposal as the seller may instruct and the seller will refund direct to the buyer the purchase price plus the return transport costs.
5. Cows sold as not in-calf at the time of sale, shall be sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the cow fail to produce a calf by the 31 December 2027, the seller shall refund in full the purchase price direct to the buyer.
6. Yearling heifers sold as unmated are sold with the guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the heifer fail to produce a calf by the 31 December 2027, the seller shall refund in full the purchase price direct to the buyer.
7. In the case of a calf or yearling heifer being flushed for embryo transfer, either with or without success, all guarantees become null and void.
8. Where any female sold as being in-calf proves to be carrying a mummified calf, no liability will fall on the seller.
9. Any animal which is sold as in-calf but subsequently aborts the foetus after delivery is the responsibility of the buyer and no liability will fall on the seller.
10. Any claim to the auctioneers must be accompanied by a veterinary certificate.

GENERAL CONDITIONS

- Delivery: At the fall of the hammer, livestock remain the vendors responsibility until delivery is taken.
- Insurance: If transit or annual insurance is required the purchaser is responsible to arrange.
- Instructions: Buyers must sign all dockets before leaving and have transport arranged.
- Transfers: Sellers are responsible for the completion of transfers. No buyer shall be entitled to withhold payments for the delay of transfer information.
- Cattle for Export: Breed Society must inspect as suitable for Export Certificates. The seller is responsible for the 15% commission payable on all cattle sold for export.
- Payment terms: 50% of payment due 14 days after auction date, 50% due October 20th, 2026.

Welcome to Waiokura

AUCTIONEERS FOREWORD

GUEST AUCTIONEER:

It's certainly my privilege to again be at Waiokura for their Annual Sale.

Last year I was blown away with the exceptional herd of Rhys and Tamara, such capacious, fine uddered beautiful dairy cows that simply ooze production. This years catalogue features a balance of Cows, in calf and unjoined heifers.

Let's take a look – we have cows selling with records to 11,943 litres 453 kgs protein and 590 kgs fat, yes 1,043 kgs milk solids, in calf heifers from dams to 12,447 litres, 413 kgs protein and 546 kgs fat, and unjoined heifers from dams to 11,207 litres 427 kgs protein 476 kgs fat.

We then note our vendors have continued to use the very best Sires from around the World to further enhance the performance of every calf born at Waiokura. Take advantage of this progressive, practical breeding programme and add Waiokura genetics to your herd now.

I do hope you can join us on Monday 20th April I know you'll be so impressed, if not live bidding is at Bidr.co.nz

Welcome to Waiokura

AGENTS FOREWORD

CARRFIELDS LIVESTOCK AGENTS FOREWORD:

On Monday the 20th April Waiokura will once again open their doors for their third annual sale. This time held in their new selling facility held on their runoff. It is an amazing facility that is worth coming to see and the hospitality will be outstanding as always. The herd will be on display at the dairy farm for anyone wanting to view the cows prior to the sale.

Your trusted partner on the land

The Waiokura herd is a very impressive, consistent herd. Last year they produced 700 milk solids per cow while walking up and down hills on long walks to the cowshed. This year they are on target to do 720 milk solids per cow. To go along with this impressive production they have outstanding fertility, two seasons ago they had a 6% empty rate and last season a 10% empty rate while doing that extreme production.

The animals sold in the last two sales have shifted exceptionally well to their purchasers.

The Parry family stand by the animals they sell 100% so you can buy in confidence knowing the vendors are as genuine as they come.

This years catalogue takes yet another step up in quality from years gone by. We see two Maire Mint Fire-Up daughters sell that both boast a PW of 840 or higher. There are cows selling that have produced up to 886 milk solids in a lactation. And to go with this a lot of the pregnant animals in the sale are in calf to sexed semen. A list of which ones are in calf to sexed semen will be published before sale day.

We look forward to welcoming you all at Waiokura for the sale day. Try your best to come along and see the amazing facility's and herd, but if you cant make sure to tune in on BIDR.

Congratulations to Rhys, Tamara and the boys for putting up this outstanding group of Holstein-Friesians to sell.

We wish you all the best with your purchases.

We don't just collect. We deliver.

Two companies. One commitment.

Whether you choose IVF or MOET, RePro IVF and Ova-Achievers offer complete, end-to-end assisted reproduction services — from OPU or flush, through the lab, to implantation on your farm.

Same team. Same standards. All the way through.

Nationwide service — on-farm or at donor centres in Waikato, Manawatu, Canterbury and Southland.

Proud affiliates of the Generate, Accelerate and Discovery programs.

Fewer bulls.

Less bull****.

Bull calves. With IVF and sexed semen, you don't have to have them. Get the heifers you want, from your best cows, at scale.

But technology is only half the story. You also want a company that's straight up about what you'll get, and what it'll cost.

No inflated embryo numbers. No surprise bills. Just honest results at a transparent price.

RePro IVF's pricing is straightforward:

\$250 per TVR/OPU session **\$250** per embryo frozen (1-100) **\$150** per embryo frozen (101+)

Plus GST and travel. Conditions apply.

51% average pregnancy rate from frozen embryos — 2025.

Nationwide service — on-farm or at donor centres in Waikato, Manawatu, Canterbury and Southland.

RePro IVF and Ova-Achievers are proud to support Rhys and Tamara Parry's Waiokura Holstein journey.

Don't count your embryos before they've hatched.

RePro IVF freezes only the best embryos, holding a high grading threshold. That discipline shows in our results: **51% average pregnancy rate for 2025** from frozen embryos.

Nationwide service — on-farm or at donor centres in Waikato, Manawatu, Canterbury and Southland.
