

Pa Hill Ayrshires Annual Sale

Tuesday 14th April
7pm on bidr® only

Didn't get the chance to photograph the heifers,
so here's a mix of photos from the year

Vendors Forward

Welcome to our annual sale for 2026. In the sale this year we have 20 2024 born spring calving hfrs, 23 2023 born spring calving hfrs, 29 young spring calving cows and 14 in milk autumn calved cows/hfrs. At the time of writing this 6 are still to calve but will have calved by sale date. Lots 17,19,20 were run with 2 bulls, Pa Hill Jeff Hunter FVDV-24-121 & Pa Hill Jeff Denmark FVDV-24-135 so calves will need to be DNA'd. Calving dates for heifers and some cows are scan dates but our vet is usually pretty accurate

We still milk through 3 sheds all year round and have 8 support blocks. We milk between 350 -400 cows most of the year, and have 1050 head at present counting calves

Calving starts 1st March to the 10th of April for autumn and starts 1st July to 1st January for spring. I work on the theory that it doesnt matter when she calves, aslong as shes in milk shes paying the bills. Many of our cows milk into excess days as they dont cycle well on kikuyu. Mating has gone well this year, 1 mob of 31 hfrs RWB were all incalf 29 early and 2 later. So this enables us to put so many July - early August calvers in the sale

Pasture is mainly kikuyu and grass silage is fed when needed no lollies. Cows sold in previous sales produce well some doing over 700ms my top cow last year did 352ms so they are shifting well

Since the mid 1980s, I've built my herd by purchasing in many mt young cows, which has enabled me to create lots of extra stock and inturn purchase land.

The Maire stud has been entwined with Pa Hill since the mid 1980s with swapping many cows, hfrs, calves and bulls. Still happens to this day, which you will see in many of the pedigrees in the sale

I'm always on the look out for new blood, the lastest purchase was Kaimore Quest Naki with BW 37 PW 393. She has just calved a bull calf by Sterling and he is going to become my next herd sire

Any queries or other info
call Gavin 099298622 or message on messenger

Herd is Lepto and Blackleg vaccinated
TB c10 & BVD tested and DNA profiled

BUYING ONLINE?

- This sale is a FULLY ONLINE SEQUENTIAL auction hosted on bidr® (bidr.co.nz)
- Bidding opens at Lot 1 and progresses through the catalogue in order.
- Each lot closes when its countdown timer expires.
- All purchasers must register on bidr® with a partner agency before sale day.
- For Assistance: 0800 TO BIDR (0800 86 2437) or enquiries@bidr.co.nz

Alternatively, contact your local bidr® representative:

CONDITIONS OF SALE

In accordance with the NZ Stock & Station Association Auction Terms and Conditions, the following general conditions apply to this auction where applicable.

FEMALE GUARANTEES

1. Every female shown as bred on a certain date, except any which may have been served within six weeks of sale, is guaranteed in-calf. This guarantee expires 28 days from the sale date.
2. Where a sale catalogue specifies a calving date and the resultant calf is not acceptable for registration by the MINDA service of the Livestock Improvement Corporation (LIC) or by the relevant Breed Society because the calf is born eleven days or more either side of the specified calving date and the paternity is not able to be verified the seller shall refund 25% of the purchase price plus GST direct to the buyer. This clause 2 does not apply if the sale catalogue states that a bull was pastured after AB ceased.
3. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the seller subject to liability under the other clauses contained in the Conditions of Sale. The buyer has the right to retest at their own expense before delivery is made from the place of sale.
4. Where a female is offered for sale as being in-calf, without a supporting veterinary certificate and the female is subsequently proved to be empty, the buyer has the right to return the female or carry out such disposal as the seller may instruct and the seller will refund direct to the buyer the purchase price plus the return transport costs.
5. Cows sold as not in-calf at the time of sale, shall be sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the cow fail to produce a calf by the 31 December 2027, the seller shall refund in full the purchase price direct to the buyer.
6. Yearling heifers sold as unmated are sold with the guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the heifer fail to produce a calf by the 31 December 2027, the seller shall refund in full the purchase price direct to the buyer.
7. In the case of a calf or yearling heifer being flushed for embryo transfer, either with or without success, all guarantees become null and void.
8. Where any female sold as being in-calf proves to be carrying a mummified calf, no liability will fall on the seller.
9. Any animal which is sold as in-calf but subsequently aborts the foetus after delivery is the responsibility of the buyer and no liability will fall on the seller.
10. Any claim to the auctioneers must be accompanied by a veterinary certificate.

GENERAL CONDITIONS

Delivery: At the fall of the hammer, livestock remain the vendors responsibility until delivery is taken.

Insurance: If transit or annual insurance is required the purchaser is responsible to arrange.

Instructions: Buyers must sign all dockets before leaving and have transport arranged.

Transfers: Sellers are responsible for the completion of transfers. No buyer shall be entitled to withhold payments for the delay of transfer information.

Cattle for Export: Breed Society must inspect as suitable for Export Certificates. The seller is responsible for the 15% commission payable on all cattle sold for export.

Payment terms: Payment due **14 days** after auction date.
