

Shaydoc Selection III

SHAYDOC

Holsteins Jerseys Ayrshires

This sale will be hosted by bidr® (www.bidr.co.nz) as a fully online, SEQUENTIAL auction, with the sale being opened at Lot 1 at the specified sale start time, and all bidding occurring online as the sale moves through the catalogue in sequential order.

The closing of bidding on each lot is controlled by the expiry of the countdown timer. All intending purchasers must register on bidr® in advance of the sale date, by visiting the website and using the “sign up” button, adding their contact information and nominating the agency they would like to purchase through an account held with that agency.

The bidr® team is contactable on 0800 TO BIDR (0800 86 2437), or email enquiries@bidr.co.nz for assistance at any point.

Alternatively, contact your local bidr® representative:

CONDITIONS OF SALE

In accordance with the NZ Stock & Station Association Auction Terms and Conditions, the following general conditions apply to this auction where applicable

FEMALE GUARANTEES

1. Every female shown as bred on a certain date, except any which may have been served within six weeks of sale, is guaranteed in-calf. This guarantee expires 28 days from the sale date.
2. Where a sale catalogue specifies a calving date and the resultant calf is not acceptable for registration by the MINDA service of the Livestock Improvement Corporation (LIC) or by the relevant Breed Society because the calf is born eleven days or more either side of the specified calving date and the paternity is not able to be verified the seller shall refund 25% of the purchase price plus GST direct to the buyer. This clause 2 does not apply if the sale catalogue states that a bull was pastured after AB ceased.
3. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the seller subject to liability under the other clauses contained in the Conditions of Sale. The buyer has the right to retest at their own expense before delivery is made from the place of sale.
4. Where a female is offered for sale as being in-calf, without a supporting veterinary certificate and the female is subsequently proved to be empty, the buyer has the right to return the female or carry out such disposal as the seller may instruct and the seller will refund direct to the buyer the purchase price plus the return transport costs.
5. Cows sold as not in-calf at the time of sale, shall be sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the cow fail to produce a calf by the 31 December 2027, the seller shall refund in full the purchase price direct to the buyer.
6. Yearling heifers sold as unmated are sold with the guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the heifer fail to produce a calf by the 31 December 2027, the seller shall refund in full the purchase price direct to the buyer.
7. In the case of a calf or yearling heifer being flushed for embryo transfer, either with or without success, all guarantees become null and void.
8. Where any female sold as being in-calf proves to be carrying a mummified calf, no liability will fall on the seller.
9. Any animal which is sold as in-calf but subsequently aborts the foetus after delivery is the responsibility of the buyer and no liability will fall on the seller.
10. Any claim to the auctioneers must be accompanied by a veterinary certificate.

GENERAL CONDITIONS

Delivery: At the fall of the hammer, livestock remain the vendors responsibility until delivery is taken.

Insurance: If transit or annual insurance is required the purchaser is responsible to arrange.

Instructions: Buyers must sign all dockets before leaving and have transport arranged.

Transfers: Sellers are responsible for the completion of transfers. No buyer shall be entitled to withhold payments for the delay of transfer information.

Cattle for Export: Breed Society must inspect as suitable for Export Certificates. The seller is responsible for the 15% commission payable on all cattle sold for export.

Payment terms: Payment due 14 days after auction date.

VENDOR FOREWORD

Welcome back to for a third Shaydoc Selection Sale. It has been great to hear that once again cows sold last year have gone on and continued to perform for their new owners.

Here at Shaydoc we have decided to make the shift from complete spring calving to majority autumn calving to better align with the grass growth curve. This season was the beginning of the transition over and to do so we significantly reduced our mating length to increase the empty rate to move cows from spring to autumn. Let this decision be of your benefit as it has meant all cows have been able to be retained in calf or not. Therefore, increasing selection pressures to bring forward our best sale line up yet! With our strong focus on cow families we have once again utilised this as a tool to not only select our own replacements but also to bring to you some of the best of Shaydoc.

Featuring this year are cows from the Lesdale L's, Turepo C's, Hasty River Roslyn's and many top performers originating from the grade herd purchased when Shayne started sharemilking. There will also be in addition to in calf cows and heifers, empty in milk cows and a handful of freshly calved cows and heifers. If you do not winter milk we are happy to continue milking these cows through for you.

The 25/26 season has been a challenging one for us at Shaydoc, possibly the toughest season we have had to date. Early spring was consistently wet followed by an absolute rush of growth which seemed to lack any substance whatsoever. This followed with more wet weather leading to crops and silage being a month late; summer dry then looked to be arriving early but thankfully Christmas rain gave us what looked like would be a great January. However, humidity and moisture created a fantastic environment for rust and once again the grass was unpalatable for the cows. On the plus we missed the extremities of the late Jan/early Feb weather which has given us a positive end to the summer. After all the highs and lows of the season, in conjunction with transitioning to Autumn calving the cows will complete the season not too far behind the last two exceptional seasons milk production.

One of our feature families selling this year is the Shaydoc "P" family. This family has bred very well since having it as part of Shaydoc not only in conformation and production but also in numbers too. We have been very lucky to receive two lots of twin heifers from this family; one by Val Bisson Doorman and the others by Gillette Windbrook. Hence, we have decided to offer a spring calving Doorman and a super milky Windbrook. There will also be two other members of this family sell.

Ryan and I would like to wish you every success with you purchases and hope they bring you as much fulfilment as they have done for us.

Happy bidding!

MATING DETAILS

All cows and heifers have been scanned either in calf or empty and all empty cows have been vet checked. Only 4 weeks of mating was completed in the spring which was all AB. All heifers were run with DNA profiled Jersey bulls from 30/9/24 to 11/11/24. Heifers were all scanned to date. Bulls run with the Holsteins were Shaydoc Joel Romeo and Shaydoc Tequila Larrikin. The Bull ran with the jersey heifers was Shaydoc Chochip Loki. Bulls are selected from noted families within the herd to ensure breeding consistency. The following bulls have been run with the herd and heifers in recent years and listed are the reasons why they were selected:

Shaydoc Unix Rosco – A son of Shaydoc Salt Rosilee VG 88 who placed 4th in Waikato Semex on Farm competition this year. Rosco's granddam Muritai Wbrook Rosa classified EX 91 this spring; has been a member of our show teams and Semex competition teams regularly and has consistently produced over 10,000L in recent years. Family traces back to the legendary Clover Lane Rosie Lo EX. Daughters selling.

Shaydoc Silvio Daytona - Son of Shaydoc Windbrook Dayna VG 88; a sister of Shaydoc Cinderdoor Daana EX. This family has been a consistent breeding family for 40 years; first for Dad and now myself. Numerous calf club calves and show cows have come from this family. They don't just look pretty they also milk extremely well, often topping not only their age groups but herd tests as well. Has daughters selling.

Shaydoc Recharge Champion – Son of Willow Downs Bel Charming VG 89 who has completed over 600kg MS last season and is on track to do the same this season. Combination of the Beledene Sams Starlee and the Lilac Grove Sultans Ring families on top of the Willow Downs 'C' family. Both heifers and calves are eye catching. Have many daughters selling.

Shaydoc Tornado Romano & Shaydoc Joel Romeo – Sons of Hasty River FD Roseleaf (Hasty River Sultan Roslyn family) that has done exceptionally well for us. 500kg MS last season and only a small cow. Classified VHC 93. 1st place 3 yr old Waikato Purebred on farm show + HM intermediate champion. Romano has daughters selling and Romeo was pastured with the Holstein heifers.

Shaydoc Chochip Loki – Son of Shaydoc Victorious Love VG 88, who won her class for the Waikato Semex on farm in our ward as a two year old. Love along with her dam (Ferdon David Louise EX 90) are consistently amongst the top producers. This family descends from the 'L' family at Ferdon. Loki was pastured with the Jersey heifers.

Shaydoc Tequila Larrikin – Son of Carnmor Speedway Laurel EX who was a fantastic producer for us. This family is also the same maternal line as Ferdon Blackstone Rose. Larrikin was pastured with the Holstein heifers.

AGENT FOREWORD

It is once again our pleasure to be helping in the conducting of the Shaydoc Selection sale. I think we can all agree that the team at Shaydoc have stepped it up another gear in the quality of animal that they are offering for sale this year. The Shaydoc herd is getting better year on year and it is showing in the animals that they are putting up for sale.

The young Holstein cows in the sale are a great example of the breed and are the type of animals that are going to grow into excellent cows as they mature. With some world famous sires in there like Sidekick, Crushabull, Doorman and King Doc it is not surprising to see the quality in the lineup.

In addition to this the lineup of Jersey in calf heifers that are selling is a tremendous line. Backed by a lot of Lindale and Owharoa genetics, one thing you can bank on is them having good udders when they calve in.

I invite you to have a good look through the catalogue and make the most of an outstanding opportunity. With both pregnant and in milk empty cows selling I'm sure you can find something to suit your needs.

We wish you all the best with your purchases.

Powerful big cow with incredible will to milk. One of our top cows in recent seasons. Freshly calved and ready to fill your vat.

Please note that the calf produced by Rakeida will remain ownership of Shaydoc. Rakeida will be transported to her new owners once calved and sound in the vat.
